Our New Junior Residential Programme for 2011

We are delighted to launch our new Junior Summer Residential Programme at Sutton Park School & the nearby Deer Park Resort located in the grounds of Howth Castle. Our new programme combines the benefits of studying in the academic environment of a private high school with luxurious accommodation and facilities at Deer Park.

This new programme will replace our programme at St Columba's College for Summer 2011. St Columba's will be carrying out major refurbishing work on their residential accommodation next summer but we hope to be back there in 2012.

The Programme

- ✓ The classes and afternoon activities take place at Sutton Park School, an exclusive private school situated on the beautiful Howth peninsula, 12km from Dublin city centre
